

Conduct a global keyword search of National Biodiversity Strategies and Action Plans (NBSAPs) and National Reports posted on the CBD website in seconds using a Google search tool!

1. Open a Google search page and copy and paste the following search phrase in the search box, as indicated in the screenshot below:

"Keyword" "Report type" site:https://www.cbd.int/doc/world/ filetype:doc OR filetype:pdf

2. Insert the **keyword** (in English, French, Spanish, Russian or Chinese) and the **type of report** (e.g. national report, fifth national report, national biodiversity strategy and action plan) you would like to search in the search phrase.

For example:

"gender" "national biodiversity strategy and action plan" site:https://www.cbd.int/doc/world/ filetype:doc OR filetype:pdf

"Stratégie mondiale pour la conservation des plantes" "national report"
site:https://www.cbd.int/doc/world/ filetype:doc OR filetype:pdf

"Ministerio de Salud" "fifth national report" site:https://www.cbd.int/doc/world/ filetype:doc
OR filetype:pdf

3. Press Enter!
