

Results of a reporting trial

Dave Pritchard

UNEP/CMS/RAPTORS/MOS3/Doc.12.1

Two purposes:

- (i) Updated survey (2021) of implementation activity, by Signatories and Cooperating Partners (achievements; trends; shared learning)**
- (ii) Test run of the proposed future reporting format (for discussion at agenda item 14.4)**

Context

- **MOU para 15 - Regular reporting, to a format approved by MOS**
- **MOU para 16 - Overview of Action Plan implementation to be provided prior to each MOS**
- **Action Plan section 8 – Review of the Action Plan**

Reports received (actual) from the Signatories in each region (potential)

“High level key messages”

- **Successes** – legislation, policies, plans
- **Difficulties** – capacity, governance, awareness, continuing levels of threat to raptors
- **Future priorities** – laws, policies, tackling particular threats

Species

- **Most responding countries give some legal protection to MOU Annex I species**
- **Variety of Species Action Plans**
- **List of projects for reintroduction, restocking and supplementary feeding**

Habitats & sites

- **Protected areas, and habitat restoration – fairly generic responses**
- **(More complete sites info awaits update of Table 3)**
- **Activities by Cooperating Partners, inc site inventories and advocacy**

Threats & pressures

Assessing:

... and responding

Other sections

- **Action / integration across sectors**
- **Raptor population status & trends assessments**
- **Monitoring – programmes, guidelines, protocols**
- **Research priorities**
- **Exchange of knowledge & experience**
- **Education & awareness**
- **Capacity & resources**
- **International cooperation**

Lessons

- **Response rate**
- **Submission period**
- **Completeness of responses**
- **Period of information reported**
- **Coherence and consistency of responses**
- **Alignment and analysis across MOU and CMS reports**
- **Other points concerning individual questions**

**The individual reports
– a great resource !**

**Experience from the
trial – has informed the
proposals now in
Agenda item 14.4**

🙏 Thanks to everyone who contributed !!
