Title	Start Time	End Time	Organizers	Description	Contact	Event Details
From the Southern Ocean to the Arctic – a Call to Action via the UN Ocean Decade	13:00	15:00	European Polar Board (EPB); RBINS; Scientific Committee on Antarctic Research (SCAR); SOOS; Scientific Committee on Oceanic Research (SCOR); WCRP; CLIVAR; ICED; PA2F	We bring together leading experts on both polar regions & provide direct calls to Actions identified in both the Southern Ocean and Arctic processes as contributions to the UN Decade of Ocean Science.	r.badhe@nwo.nl	https://www.sodecade.org/
Symposium - Talking about Ocean Conservation in Portuguese	13:00	17:00	AIMM - Associação para a Investigação do Meio Marinho, Instituto Meros do Brasil; Biosfera Cabo Verde	This event intends to promote knowledge exchange and to raise awareness about the ongoing initiatives regarding ocean conservation throughout countries that share a common language, members of CPLP.	info@aimmportugal.org	https://www.aimmportugal.org/symposium-ocean-conference/
The Invisible Global Crisis: Exceeding the Limits of the Pollution Planetary Boundary - New Science and Opportunities to Tackle Threats to Human and Marine Life	13:30	15:00	Centre for Sea and Society, UGOT, International Pollutants Elimination Network (IPEN), Swedish Institute for Marine Environment & WIOMSA	The ocean is a global dumpsite - where beyond plastic pollution, new science reveals the even more insidious global threat of invisible chemical pollution. We discuss this crisis and how to handle it.	johanna.sjoholm@gu.se	https://www.genevaenvironmentnetwork.org/events/the-invisible-global-crisis-exceeding-the-limits-of-the-pollution-planetary-boundary-new-science-and-opportunities-to-tackle-threats-to-human-and-marine-life-un
Sailing initiatives : a cost-effective approach to marine microplastic monitoring	14:00	15:00	Association Oceaneye	To support international marine debris monitoring programs, Oceaneye leads a sea-surface microplastic mapping project, performed with volunteer sailors, which is cost-effective and scalable.	pascal.hagmann@oceaneye.ch	https://www.oceaneye.ch/en/unconference2022/
Plastics and Circular Economy—Community to Cabinet in Action	14:30	15:45	UNOPS/UNDP	SGP provides financial and technical support to civil society organizations to implement innovative community-based plastic projects. This side event showcases good practices, results and lessons.	sulan.chen@undp.org	https://sgp.undp.org/resources-155/event-flyer.html
Ocean Literate Society - Youth Engagement and Intergenerational Collaboration	15:30	18:00	Marine Education Centre in Sweden, EarthEcho International, High Seas Alliance, Global Youth Biodiversity Network, The Institute for the Marine Environment	Young people around the world are leading initiatives to tackle large-scale challenges first-hand, with apparent positive impacts.	michael.palmgren@smkc.se	https://youtu.be/E76a8H1Zdp0
Procedural Key Performance Indicators (PKPI) for Assessing Global Ocean Equity	18:00	19:30	Nippon Foundation, University of Washington, Memorial University of Newfoundland, Dalhousie University, University of Wollongong, Simon Fraser University, University of British Columbia, Wageningen University, WorldFish, University of Malta, COBI, University of Technology Sydney	This side event will highlight ways forward for planning and evaluating interventions that aim to address SDGs 14 to achieve the spirit of the overarching SDG goal of “no one left behind”.	geralds@mun.ca	https://oceanexus.uw.edu/

VIRTUAL

Title	Start Time	End Time	Organizers	Description	Contact	Event Details
Seaweed: Aquatic food solutions for people, climate and oceans	8:00	9:30	WorldFish, Sylhet Agricultural University in Bangladesh, WWF International and Safe Seaweed Coalition	This side event will explore seaweed innovations, accessibility and availability to address food and nutrition security, livelihoods, ocean health for poor and vulnerable communities in the world.	kunda.arm@sau.ac.bd	https://www.worldfishcenter.org/events/un-oceans-conference-side-event-seaweed-aquatic-food-solutions-people-climate-and-oceans
Science and awareness: building Mediterranean networks against marine litter	9:30	11:00	Legambiente Onlus, University of Siena, Union for Mediterranean	New monitoring protocols to better understand the threat of ML, the creation of a multistakeholders network to discuss and create mitigation actions and joint solutions to protect the Mediterranean Sea	e.scocchera@legambiente.it	https://volontaripernatura.greenproject.info/common/site/2022-un-ocean-conference-united-nation/
Enhance resiliency of seagoing artisanal fishers of the climate vulnerable coastal region of Bangladesh	11:00	12:00	AOSED	Making a climate resilient traditional sea fishing community of cyclone exposed Bay of Bengal, Bangladesh part	aosed_khulna@yahoo.com	https://aosed.org/adaptive-livelihood-towards-establishing-resilient-communities-alter/
Solutions for Food Services: Sustainable Seafood Consumption	13:00	13:30	Worldchefs, Electrolux Food Foundation, AIESEC	Top culinary and sustainability experts will discuss how Food Service industry affects the oceans, what research is being conducted, and how chefs can minimize kitchens' impact.	linh@worldchefs.org	https://worldchefs.org/event/sustainability-around-the-world-20/
Advancing the Blue Economy in Kenya: innovation in economic growth through value chains strengthening, integrated land-sea planning and management and maritime security, in an inclusive, participatory and sustainable manner	13:00	14:15	Camões — Instituto da Cooperação e da Língua, I. P.; Expertise France - Agence Française de Développement Group; Italian Agency for Development Cooperation; The Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH; UN-Habitat/UNEP	Debate on Blue Economy innovation in Kenya focusing on how to unlock the full economic possibilities of coastal and marine resources while protecting these resources for present and future generations	Paula.Oliveira@camoes.mn.pt	www.goblue.co.ke
Preventing Marine Plastic Pollution Through Development Cooperation and Women's Empowerment	13:00	14:15	U.S. Agency for International Development; Tetra Tech, implementing partner for USAID Clean Cities, Blue Ocean; Circulate Capital, Organisation for Economic Cooperation and Development; Norwegian Agency for Development Cooperation	Strengthening ocean-based economies through development cooperation and addressing ocean plastics by leveraging private finance and investments in gender equality and women's empowerment	info@cleancitiesblueocean.org	https://urban-links.org/insight/un-ocean-conference-virtual-event-preventing-marine-plastic-pollution-through-development-cooperation-womens-empowerment/
Enhancing scientific cooperation in support of regional environmental management planning in the international seabed area	13:00	14:15	Secretariat of the Convention on Biological Diversity, the European Commission, Ministry of Natural Resources, the People's Republic of China, Ministry of Earth Sciences, India, Ministry of Climate and Environment, Poland, Commonwealth Scientific and Industrial Research Organisation of Australia	The side event will provide examples of scientific collaboration in support of the development and implementation of regional environmental management plans in the international seabed area	wqiu@isa.org.im	https://isa.org.im/events

Blue Peril: A Visual investigation of Deep Sea Mining in the Pacific	13:30	14:30	INTERPRT, Deep Sea Mining Campaign, Ozeanien-Dialog	Science-advocacy video using architectural & spatial analysis to simulate the potential irreversible & lethal impacts of deep seabed mining in the Pacific Ocean on marine life, ecosystems & humans	nat@dsm-campaign.org	https://blueperil.org
Evaluating Science, Valuing the Ocean: Exploring the role of science evaluation in getting the science we need for the ocean we want	13:30	14:45	FluidKnowledge/Faculty of Social & Behavioral Sciences, Leiden University, European Marine Board	Does science evaluation help or hinder ocean science to tackle the sustainable development goals? A roundtable discussion with field experts	j.a.ashkin@cwts.leidenuniv.nl	https://www.fluid-knowledge.com/unocsideevent
The African Marine Litter Outlook Pre-Publication Event	13:30	15:00	GRID-Arendal	Open Access Book - Pre Publication Event	thomas.maes@grida.no	https://www.grida.no/activities/853
Marine Biodiversity Conservation and Sustainable Development: Promoting Synergies Between SDGS 4,7,13,14 and 15	13:30	15:00	ActAsia	The theme of this side event focuses on Marine biodiversity conservation and sustainable development, biofriendly clean energy and Ocean education from the global perspective to local actions.	v90@cbcgd.org	http://www.cbcgd.org/NewsShow/4936/20073.html
MAGAL, Ocean Radar Altimetry, a New Space Approach	14:00	15:30	+Atlantic, Air Centre, CEiA, CIIMAR, EFACEC, FGF, IST, IT Aveiro, OMNIDEA, UBI, UT Austin	MAGAL Constellation follows “New Space” agenda, for local, regional and global scale ocean monitoring using an innovate custom radar altimeter, aiming higher temporal resolution	andre.guerra@ceiia.com	https://projects.efacec.com/magal/
Ocean Advocacy: From Ordinary to Extraordinary	14:00	16:00	Gulf of Guinea Maritime Institute (GoGMI), Development of Ocean Technical Capacity with African Nations (DOTCAN), Masser Afrique	An event designed to inspire young people to act as drivers of ocean innovation	lawrence@gogmi.org.gh	https://www.gogmi.org.gh/webinar-registration
We all live close to the ocean	15:00	16:00	Uso Inteligente ASV AC	Even life in areas far from the oceans is related to the productivity of large marine ecosystems.	birgilio@usomx.com	docs.google.com/forms/d/e/1FAIpQLSevOPWqMYbwxEBQK7softSHh2FDLAmTb63V0Dxfc_8nFk6-A/viewform?vc=0&c=0&w=1&flr=0
Biorock Technology for Climate Proofing Beaches, Regenerating Marine Ecosystems, and Sustainable Mariculture	15:00	16:30	Blue Regeneration S.L.	Cost-Effective New Methods for Regenerating Beaches, Coral Reefs, Coastal Ecosystems, and Fisheries for Climate Change Adaptation and Producing Carbon Neutral/ Negative Building Materials	zeynep.ozenay@startic.es	www.bluregeneration.com/UNOC2022sideevents

Fashion Partnerships and Solutions Scaling up Ocean Action	16:00	17:00	United Nations Conscious Fashion and Lifestyle Network, United Nations Office for Partnerships, Fashion Impact Fund, PVBLC Foundation	Industry leaders share their partnership initiatives and solution driven commitments contributing to cleaner oceans as well as advancing collective fashion industry global ocean action.	kb@fashionimpactfund.org	https://www.fashionimpactfund.org/
Indigenous Knowledge Research Infrastructure - IKRI: A novel science and innovation-based tool to preserve and develop capacity and transfer of marine technology for the implementation of Goal 14	16:00	17:30	CANEUS on Emerging Technologies for Societal Applications) FILAC: The Fund for the Development of Indigenous Peoples of Latin America and the Caribbean, Indigenous "Inter-Governmental" organization UNOOSA	A "Global Ocean Research and Knowledge Repository" initiative, called "Indigenous Knowledge Research Infrastructure - IKRI, a novel tool to preserve, develop capacity and transfer marine technology	mp@caneus.org	www.ikri.org
Marine Justice and Right to Science	17:00	18:30	Observatory for Marine and Coastal Governanc; Agua, Nuestro Derecho: Oceana; Asociación Interamericana para la Defensa del Ambiente, AIDA; Asociación Ambiente y Sociedad; ELAW; Association Marocaine de Recherche et de Protection Archéologique Sous Marine; Healthy Reefs for Healthy People Initiative, Mesoamerican Reef Ecosystem; Centinelas del Agua; Alianza de Derecho Ambiental y Agua -ADA2-;; Research Group Marine Justice and International Law, Colombia	This event seeks to open the debate about the concept of marine justice and the right to science as a core aspect to achieve sustainable and equitable use of the oceans (SDG 14).	contacto@ceambientales.org	https://www.ceambientales.org/sideeventUN2022
Biomolecular observations in support of conservation and sustainable development	18:00	19:30	POGO Scripps Institution of Oceanography; MBARI; NOAA; Stazione Zoologica Anton Dohrn, Italy; Marine Biological Association; AtlantECO; Alfred Wegener Institute,	The UN Decade-endorsed Ocean Biomolecular Observing Network (OBON) and partners will discuss how biomolecular research can enable broadscale science-based conservation and sustainable development.	astfis@mba.ac.uk	https://www.obon-ocean.org/#UNOC2022
A perspective to reduce climate change impacts through restoration and NbS in marine-coastal ecosystems, a review of case studies.	18:00	20:00	Fundación Mexicana para el Océano A.C. The Ocean Foundation UNEP Latin America and the Caribbean Office Programa Mexicano del Carbono WRI	Critical and recent perspectives about the impacts of socioecological restoration as a nature-based solution with large-impact potential to be implemented in the coastal-marine areas of Mexico.	anavarrete@oceanfdn.org	https://oceanfdn.org/region/mexico/
Leveraging Blue Economy Solutions for a Sustainable Goods Movement Ecosystem	18:00	20:00	AltaSea at the Port of Los Angeles, Braid Theory, NASA Jet Propulsion Laboratory, Eco Wave Power, Los Angeles County Economic Development Corporation, Port of Los Angeles	To build a Model Port of the Future, Regional Leaders are assembling a Blue & Green Coalition with innovative solutions for a transformative sustainable goods movement ecosystem from the ground up.	dcardenas@altasea.org	https://altasea.org/event/leveraging-blue-economy-solutions-for-a-sustainable-goods-movement-ecosystem/
Seabed Cleaning: Microplastics and Human Health	18:15	19:00	LILT	The event will present a Socially Innovative solution to plastic pollution while emphasizing the dangers of microplastic to human health.	vassallolorenzo1997@gmail.com	https://www.fondazionevassallo.it/tuttiglieventi
